

Renegade Clean-Face Direct-Vent Fireplace  
WITH TRUFLAME TECHNOLOGY

# THE SCIENCE BEHIND THE FIRE

The Renegade is a visually stunning fireplace, but what you can't see makes it even more impressive. TruFlame Technology – featuring a ceramic catalyst – minimizes emissions while maximizing heat efficiency. This results in the most realistic flames, reminiscent of a wood-burning fire.

An external air control eliminates the guesswork during setup and allows your dealer to fine tune the flame, ensuring a beautiful fire.

Renegade Clean-Face  
Fireplace with Black  
Porcelain Liner

# ACCESSORIZE WITH LINERS & MORE

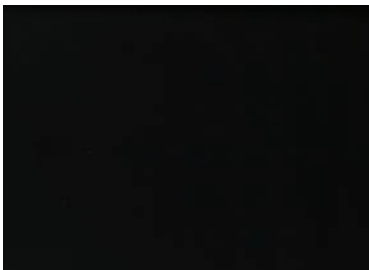

(Liner Required)

Traditional Stone Ceramic Fiber Liner with ceiling and floor - Large irregular square-cut stones artfully fitted together

Rustic Cottage Brick Ceramic Fiber Liner with ceiling and floor - Ruddy fire-worn bricks in conventional courses

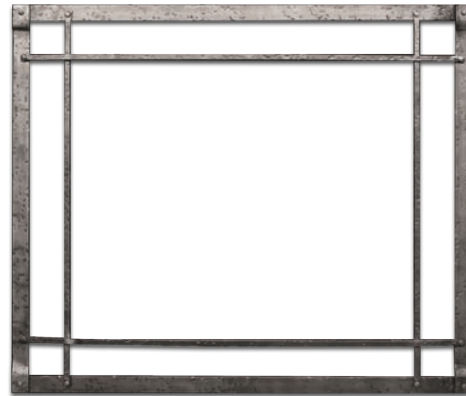

Black Porcelain Liner with matte black ceiling and floor - Reflects the flames to add the illusion of depth

Decorative Andirons

Optional Variable-Speed Double Blower

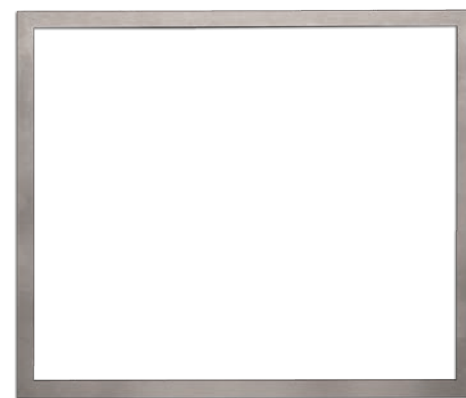

Decorative Front - Rough-hewn Forged Iron provides a simple border to the fireplace opening. Available Forged Iron Insert installs inside the frame - choose Rectangle (shown) or \*Arch

\*Decorative Front shown with Arch Insert on front cover

Decorative Door Set with Frame in Forged Iron

Beveled Window Frame 1.5-inch, Brushed Nickel - Adds a modern touch to help transition from the hearth to a more contemporary living space

Fireplace with Traditional  
Stone Liner, Decorative  
Front in Forged Iron with  
Rectangle Insert, Andirons,  
and built-in Accent Lighting

## FIREPLACE FEATURES

- Richly detailed Log Set includes ten logs and three ember chunks – plus a bed of lava rock and glowing embers for added realism
- Ceramic Glass Window provides better heat transfer
- TruFlame Technology with catalyst reduces emissions and increases efficiency resulting in the most realistic flames
- Externally adjustable air control lets your installer fine tune your fireplace while it's running to ensure great-looking flames and exceptional performance
- Multifunction Remote Control with intuitive on-screen icons operates burners, two overhead dimmer lights, and the optional blower (if installed)
- Remote operates in three modes:
  - Conventional Thermostat (cycles on and off on high output to maintain temperature)
  - Smart Thermostat (matches heat output to room demand)
  - Manual (control the fireplace from the comfort of the couch – including independent operation of front and rear burners for up to 70-percent turndown)
- Available in Nat (47,500 Btu) or LP (45,000 Btu)

## INSTALLATION CONSIDERATIONS

The clean-face design allows tile, stone or other materials to be applied all the way to the fireplace opening to create a true site-built installation. Direct-Vent technology offers the versatility of installing the Renegade almost anywhere in your home.
