

# Frequently Asked Questions

## TUSCANY-WB-K Pergola

### **What is the pergola made out of?**

The pergola is made from glass fiber reinforced concrete columns and salvaged Ponderosa Pine beams. The pergola is styled in a classic column-and-beam arbor design with a dark stained wood and stone finish.

### **Will the pergola withstand extreme weather conditions?**

The pergola is weatherproof and designed to withstand most weather conditions. The heavy-duty beams are supported by four 135-lb columns for stability. The powder coated and zinc plated hardware are designed to prevent rust in most environments.

### **Can the pergola be secured to the ground?**

Yes, it must be securely fastened by drilling through the columns. They must be secured per the instructions for stability.

### **Do the columns or beams come in different sizes or colors?**

The columns are available as stand-alone pieces 84" tall. The pergola as a whole is sold only with 84" columns. The beams do not come in different sizes. The colors are as shown and cannot be changed.

### **What are the dimensions for the pergola?**

- 98 ¼" high
- 171" wide
- 171" deep
- Columns 12 X 12 X 82 ¼"
- Top Beams 8 X 4 X 171"
- Support Beams 10 X 4 X 171"

### **How does it ship?**

GRP-T-K1 Column 4ea/Ctn (1 Ctn/set)

GRP-T-K2 Top & Support Beams 7ea/Ctn (1 Ctn/set)

GRP-T-K3 Hardware 1ea/Ctn (1ctn/set)

### **How much does each piece weigh?**

- 82 ¼" Column = 135 lbs
- Top Beam = 110 lbs
- Support Beam = 130 lbs

### **How long does it take to assemble?**

With a minimum of two people, the pergola takes about an hour and a half to two hours to assemble. Assembly can be completed with standard tools.

### **Can the pergola be set in concrete?**

It can but it may void the warranty if done improperly. This item is not covered by "acts of God." In the event of a storm, even with the base secured, the top may still be destroyed.

### **What is the warranty?**

3-year warranty on structure, 1-year warranty on finish
