Firestops ~ Galvanized Available Only				
Firestop Assembly	6TGFA	Yes	21.51	
Attic Insulation Shield	6TGIS	Yes	136.17	
Wall Firestop	6TGWFS	Yes	87.46	

Note: Insulation shield must be used anytime the chimney system passes through an attic. TGIS is used to prevent the insulation from coming in contact with the pipe. This part is required on **any** attic pass-through situation, regardless if insulation is present or not.

Application Reminder: For oil or coal burning appliances, use only pipe with S.S. casing and S.S. or aluminum accessory components outside the envelope of the building.

Appliance Caution: Temp/Guard is intended for use in residential and building appliances that operate at **continuous** temperatures below 1000°.

TherMix Insulation 40 lb. Bag, 3.25 cu.ft. per bag

Size	40 lb. Bag
Stocked	Yes
Item #	TM40325
Installed Cost	89.99

Flue Opening	Diameter of Liner					
	5"	6"	7"	8"	10"	12"
7.5" x 7.5"	0.08	0.06	—	—	—	—
7.5" x 11.5"	0.14	0.12	0.12	0.10	—	—
8.5" x 8.5"	0.11	0.09	0.07	—	—	—
8.5" x 11.5"	0.17	0.15	0.13	0.11	0.10	—
9.5" x 9.5"	0.15	0.13	0.11	0.08	—	—
11.5" x 11.5"	0.24	0.22	0.20	0.18	0.11	—
11.5" x 16.5"	0.36	0.34	0.32	0.30	0.24	—
12.5" x 12.5"	0.29	0.27	0.25	0.22	0.16	—
14.5" x 14.5"	0.40	0.39	0.37	0.34	0.28	0.20
14.5" x 18.5"	0.52	0.51	0.49	0.46	0.40	0.32

To determine the number of bags needed for your application, find the flue opening and the diameter of the liner in the chart to the right. Multiply the number where the two intersect by the height in feet of the chimney to give an estimate of the number of bags needed. Remember to have extra on hand "just in case".

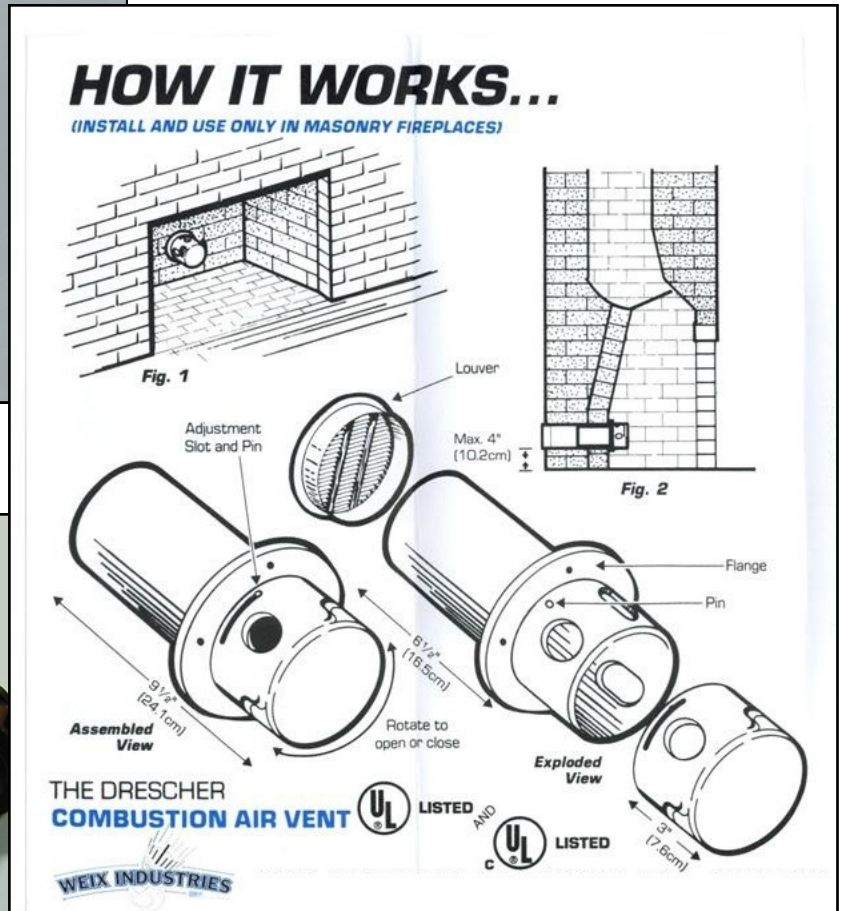

Drescher Combustion Air Vent

	Item #	Stocked	Retail Price	
Drescher Air Vent	DCAV	Yes	159.99*	Air Vent Kits include one grille to complete installation. Additional grilles can be ordered for stock or replacement.

Opti-Myst Fireplace Cassette Insert

Dimplex

Flame Technology

The Opti-myst uses revolutionary ultrasonic technology to create a lifelike flame and smoke effect. The result is an appearance so authentic it will be mistaken for a traditional wood-burning fireplace.

It's not gas. It's water.

As mist rises up through the media bed, light reflects against the water molecules creating a convincing illusion of flames and smoke. Each unit comes equipped with an easy to fill water tank which offers 12 to 14 hours of continuous operation before refilling.

Safe

100% safe with cool flames and no emissions. The perfect way to have a worry-free 360° flame experience.

Media Consoles and Mantels

Exquisitely designed with premium grade finishes and patented flame technology.

Versatility

Use in any space large or small, including bedrooms, bathrooms, foyers and more.

Cassettes and Inserts

A full line of Opti-myst plug-in cassettes and inserts, perfect for custom applications, as well as the new line of Opti-myst Pro direct-wire models for use in seamless built-in designs.

Terms and Conditions

Prices:

- All prices are subject to change without notice and all items will be invoiced at prices in effect at time of sale.

Standard Terms of Sale:

- All sales are final. Unless otherwise specified above, any products or services are non-refundable and non-exchangeable, nor will store credit be issued. Customer may cancel any transactions or service without penalty or obligation within three (3) business days from the date of contract. Any balances are due at the time of completion. If customer postpones work after the start date, but before scheduled completion for any reason, the balance for all product and labor will become due. If the project is delayed for any reason, the balance for any labor or product completed to that point will become immediately due. A late payment charge of 1% per month or the maximum allowed by law, if less, will be applied to the balance owed under the invoice after the due-date. Any credit card information given for deposits may be stored on file, and may be used to satisfy balance upon completion of the project. All product remains property of the contractor until balance of project is paid in full. All material is guaranteed to be as specified in the proposal. Any unforeseen work or work not detailed in the above estimate will be billed additionally. Any alteration or deviation from the above specifications involving extra costs will be executed only upon written order, and will become an extra charge over the estimate. Contractors shall not be held responsible for any complication due to lack of maintenance by the customer. This includes, but is not limited to, regular cleaning of fireplaces and barbeque grills as specified by installation manual or user manual. All agreements are contingent upon strikes, accidents, inclement weather, or delays beyond our control. Owner to carry fire, tornado, and other necessary insurance. Contractors are fully covered by Workman's Compensation Insurance. Permits, bonds, or licenses are not included, and are the responsibility of the customer. Standard 2 (two) year warranty on masonry repairs unless liner is deemed unsatisfactory. Contractor warranties the labor on any product installed by them for 1 (one) year. Contractor will not be liable for any service, maintenance, or repairs made by the customer or a third party within or outside the warranty period. All manufacturers' warranty terms will be honored.
- All sales will be **Prepaid** and/or **50% deposit** with the balance due upon completion.
- **Past due accounts will be subject to a 1 1/2% per month service charge on all past due amounts. (18% Annual)**

Pick-ups:

- Pick-ups for cash and carry items/orders are welcome. However, please call at least **two hours prior** to arrival to insure your order will be ready for you when you arrive.

Merchandise Returns:

- No returns will be accepted unless they are in original packaging, are able to be sold as "new" and are subject to a 20% restocking charge.
- Fireplace & Chimney reserves the right to **refuse any return for any reason.**
- **Special orders & Non Stock Items can not be returned.**
